MANAGEMENT PROXY CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 20, 2015

1 - VOTING INFORMATION

1.1 Solicitation of Proxies

This management proxy circular ("Proxy Circular") is furnished in connection with the solicitation of proxies by the management of SAVARIA CORPORATION (the "Corporation") for use at the annual general and special meeting of the shareholders of the Corporation to be held at the *Hotel Le Crystal* in the René Lévesque room, located at 1100 de la Montagne, Montreal, Quebec on May 20, 2015, at 11:00 a.m. (Montreal Time) (the "Meeting**") and at any adjournments of the Meeting, for the purposes set out in the accompanying notice of the Meeting ("**Notice of Meeting**"). The solicitation of proxies will be primarily by mail, but may also be by telephone or oral communications by the directors, officers and regular employees of the Corporation, at no additional compensation. The costs of preparation and mailing of the Notice of Meeting, the Proxy Circular and the instrument of proxy ("**Proxy Form**") as well as any such solicitation referred to above will be borne by the Corporation. Except as otherwise stated, the information contained in this Proxy Circular is given as of March 30, 2015.**

1.2 Appointment of Proxy and Discretionary Authority

A shareholder has the right to designate a person or company (who need not be a shareholder of the Corporation) other than the individuals named on the Proxy Form enclosed, to attend and act for him at the Meeting. Such right may be exercised by inserting in the blank space provided the name of the person or company to be designated and deleting therefrom the names of the management designees or by completing another proper instrument of proxy and in either case, depositing the resulting instrument of proxy at *Computershare Investors Services*, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, by 5:00 p.m. (local time) on Friday, May 15, 2015. The instrument appointing a proxy shall be in writing and shall be executed by the shareholder or his attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

All shares represented at the Meeting by properly executed proxies will be voted in accordance with the instructions of the shareholders on any ballot that may be called for and where a choice with respect to any matter to be acted upon has been specified in the Proxy Form, the shares will be voted in accordance with such specification. In the absence of any such specifications, the management designees, if named as proxy, will vote in favor of all matters set out therein. If a shareholder appoints a person designated in the Proxy Form or nominee, and where a choice with respect to any matters to be acted upon has not been specified, the Proxy Form will be voted in favor of all the matters set out therein.

The enclosed Proxy Form, when properly signed, also confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting, or at any adjournment thereof. The management of the Corporation does not know of any matters which may be presented at the Meeting, other than the matters set out in the Notice of Meeting; but if other matters or amendments or variations do properly come before the Meeting, it is the intention of the persons named in the enclosed Proxy Form to vote such proxy according to their best judgment pursuant to the discretionary authority conferred by the Proxy Form with respect to such matters.

1.3 Revocation of Proxies

A shareholder or intermediary who has given a proxy, or his attorney authorized in writing, may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy, by instrument in writing executed by the shareholder or his attorney authorized in writing, or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized in writing and deposited either at the registered office of the Corporation or the office of *Computershare Investor Services*, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof at which the proxy is to be used, or with the Chairman of such meeting on the day of the Meeting or any adjournment thereof. In addition, a proxy may be revoked by the shareholder personally attending at the Meeting and voting his shares.

1.4 Beneficial Holder of Shares

The information set out in this section is of significant importance to many shareholders of the Corporation, as a substantial number of the shareholders do not hold common shares in their own name. **Shareholders who do not hold their common shares in their own name (referred to in this Proxy Circular as "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of common shares can be recognized and acted upon at the Meeting.** If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will more likely be registered under the name of the broker or an agent of a broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co., (the registration name for *CDS Clearing and Depository Services Inc.*, which acts as the nominee for many Canadian brokerage firms). Common shares held by brokers or their nominees can only be voted upon the instructions of the Beneficial Shareholders. Without specific instructions, brokers/nominees are prohibited from voting common shares for their clients. The Corporation does not know for whose benefit the common shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for purposes of voting the common shares in person or by way of proxy, except as set out below.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that the common shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to that provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to *Broadridge Investor Communication Solutions* ("**Broadridge**"). Broadridge typically mails a scannable Voting Instruction Form in lieu of the Proxy Form. The Beneficial Shareholder is asked to complete and return the Voting Instruction Form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free number to vote the common shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. A Beneficial Shareholder receiving a Voting Instruction Form cannot use that Voting Instruction Form to vote common shares directly at the Meeting as the Voting Instruction Form must be returned as directed by Broadridge well in advance of the Meeting in order to have the common shares votes. If you are a Beneficial Shareholder and wish to vote in person at the Meeting, please contact your broker or agent well in advance of the Meeting to determine how you can do so.

1.5 Voting Shares and Principal Shareholders

The authorized capital of the Corporation consists of an unlimited number of common shares, an

unlimited number of First Preferred shares and an unlimited number of Second Preferred shares, of which 29,679,614 common shares were issued and outstanding at the date of this Proxy Circular. There are no First Preferred or Second Preferred shares issued and outstanding at the date of this Proxy Circular.

Each common share entitles the holder thereof to one vote on all matters to come before the Meeting. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the common shares of the Corporation. The directors of the Corporation have established April 15, 2015 as the record date for determination of the persons entitled to receive notice of the Meeting.

Shareholders as of the record date are entitled to vote their common shares except to the extent that they have transferred the ownership of any of their shares after the record date. The transferees of those common shares must produce properly endorsed share certificates or otherwise establish that they own the shares, and demand, not later than 10 days before the Meeting, that their name be included in the shareholder list before the Meeting, in which case the transferees are entitled to vote their common shares at the Meeting.

To the knowledge of the directors and senior officers of the Corporation, the only persons beneficially owning, directly or indirectly, shares carrying more than 10 percent of the voting rights attached to all shares of the Corporation as of the date of this Proxy Circular are:

Name and Municipality of Residence	Number of Voting Shares Owned or Controlled Directly or Indirectly	Percentage of Outstanding Voting Shares
Marcel Bourassa Georgetown, ON	11,593,200 ¹	39.1%
Jean-Marie Bourassa Montreal, QC	3,310,500 ²	11.2%
Les Élévateurs Savaria Inc.	13,375,000	45.1%

¹ Of the 11,593,200 common shares indicated, 10,700,000 are held indirectly through *Les Élévateurs Savaria Inc.*, 500,000 held indirectly through *9264-4582 Québec Inc.* and 392,300 are held indirectly through *9099-4591 Québec Inc.*, all three private holding companies of which are controlled by Marcel Bourassa and his children, and 900 are held personally by Marcel Bourassa.

² Of the 3,310,500 common shares indicated, 2,675,000 are held indirectly through *Les Élévateurs Savaria Inc.*, 500,000 held indirectly through *9264-4582 Québec Inc.* and 135,500 are held personally by Jean-Marie Bourassa.

2 - PARTICULARS OF MATTERS TO BE ACTED UPON

2.1 Election of Directors

At the Meeting it is proposed that seven directors be elected to serve until the next annual meeting or until their successors are elected or appointed in accordance with the *Business Corporations Act* (Alberta) and the by-laws of the Corporation.

As part of its ongoing review of corporate governance practices, on April 3, 2013, the board of directors (the "**Board**") adopted the policy described below, which provides that in an uncontested election of directors, if the number of shares withheld from voting for any nominee exceeds the number of shares voted for such nominee, then, notwithstanding that such

nominee was duly elected as a director as a matter of corporate law, he or she shall, within five days following the date of the final scrutineer's report on the ballot, tender his or her written resignation to the chair of the Board. According to this policy, the Audit Committee will then consider such offer of resignation and will make a recommendation to the Board concerning the acceptance or rejection of the resignation. In its deliberations, the Audit Committee will consider all factors deemed relevant. The Board will take formal action on the Audit Committee's recommendation no later than 90 days following the date of the applicable annual meeting and will announce its decision via press release. No director who is required to tender his or her resignation shall participate in the Audit Committee's deliberations or recommendations or in the Board's deliberations or determination. In the event any director fails to tender his or her written resignation when required to do so in the circumstances described above, such director will not be put forward by the Board as a nominee at the next annual meeting where directors are to be elected. If a resignation is accepted by the Board, and subject to any corporate law restrictions, the policy provides that the Board may either leave any resulting vacancy unfilled until the next annual meeting, appoint a new director, who the Board considers to merit the confidence of the shareholders, to fill the vacancy, or call a special meeting of shareholders at which there will be presented a management slate to fill the vacant position or positions.

The Corporation is required to have a minimum of three directors and a maximum of twelve directors. The following table indicates the names of the nominees for directors and the date each such person first became a director, the principal occupation of each such person, and the number of shares of the Corporation beneficially owned or controlled (either directly or indirectly) by each such person. The information contained in the table as to number of shares of the Corporation beneficially owned or controlled, directly or indirectly, is based upon information furnished to the Corporation by the respective nominees. The Board is required to appoint an Audit Committee, the current and proposed members of which are indicated in the table.

- ³ Proposed members of the Corporation's Audit Committee. Mr. Dumoulin is Chairman of the Audit Committee. There are no other Board committees.

2.2 Appointment of the Auditor

The management of the Corporation proposes to nominate KPMG LLP as auditor for the Corporation until the next annual meeting at remuneration to be fixed by the directors. KPMG LLP has been the Corporation's auditor since May 21, 2009.

Unless otherwise directed, the management representatives named in the accompanying Proxy Form intend to vote FOR the appointment of KPMG LLP as the Corporation's auditor to serve until the next annual meeting of the Corporation.

2.3 Approval of Unallocated Stock Options

The Corporation has in place a 10% rolling stock option plan. The Toronto Stock Exchange ("TSX") requires listed companies to seek shareholder approval of all rolling stock option plans on a three year cycle. Pursuant to TSX requirements, every three years after institution, all unallocated options, rights and other entitlements under any security based compensation arrangement which does not have a fixed maximum number of securities issuable thereunder (commonly referred to as "rolling plans"), must be approved by the majority of the issuer's directors and the issuer's security holders.

The Corporation's stock option plan ("**Stock Option Plan**") was originally instituted on May 16, 2006, and subsequently amended at shareholder meetings on May 21, 2009, and May 29, 2012. Shareholders are required to approve all unallocated options issuable pursuant to

the Stock Option Plan in order for subsequent grants under the Stock Option Plan to be valid.

Savaria currently has a total of 29,679,614 common shares issued and outstanding. The number of unallocated options available to be approved at the date of the Meeting will be 2,967,961 (being 10% of the total issued and outstanding common shares) less 1,092,500 common shares reserved for outstanding options, resulting in a new reserve of 1,875,461 common shares available until the next approval of unallocated options.

Unallocated options were last approved by shareholders at the annual meeting held on May 29, 2012. Shareholders of the Corporation are being asked to pass a resolution at the Meeting approving all unallocated options under the Stock Option Plan. The Board has approved the unallocated options under the Stock Option Plan. More details about the Corporation's Stock Option Plan can be found below, under the heading 5.2 *Stock Option Plan*.

If the resolution approving all unallocated options under the Stock Option Plan is not approved by the shareholders at the Meeting, then currently outstanding options will continue in full force and be unaffected, however, no new grants of options will be made pursuant to the Stock Option Plan and currently outstanding options that are subsequently cancelled or terminated will not be available to be re-granted by the Corporation. Shareholders will be asked at the Meeting to pass the following resolution (the "**Stock Option Plan Resolution**"), with or without variation, relating to the approval as described above:

"IT IS RESOLVED THAT:

1. all unallocated options, rights and other entitlements issuable under the Corporation's Stock Option Plan be approved and authorized until the third anniversary of the adoption of the present resolution by the shareholders of the Corporation, that is May 20, 2018; and
2. any one director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to execute or cause to be executed and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, as such director or officer may deem necessary or desirable in connection with this resolution."

In order to be approved, the Stock Option Plan Resolution must be approved by an ordinary resolution of the shareholders, being a simple majority of the votes cast by shareholders present in person or by proxy at the Meeting who voted in respect of the Stock Option Plan Resolution.

The Board recommends that shareholders vote in favour of the Stock Option Plan Resolution.

Unless otherwise directed, the management representatives named in the accompanying form of proxy intend to vote **FOR** the Stock Option Plan Resolution at the Meeting.

3 – STATEMENT ON EXECUTIVE COMPENSATION

3.1 Executive Compensation Discussion and Analysis

During the most recently completed fiscal year of the Corporation, the Corporation had five Named Executive Officers ("**NEO**") (as defined in National Instrument Form 51-102F6 *Statement of Executive Compensation*): Marcel Bourassa, President, Chief Executive Officer and a director of the Corporation; Jean-Marie Bourassa, Chief Financial Officer and a director of the Corporation; William Richardson, Executive Vice-President of SCL; Sébastien Bourassa, President of Savaria Huizhou; and Alison Fraser, Vice-President Sales & Marketing of SCL.

3.1.1 Compensation Objectives

With the exception of the Chief Financial Officer who receives no remuneration, the compensation policies and the participation in the profitability of the Corporation offered to senior managers are intended to pay total compensation that is competitive with market practices and to motivate them to perform so that the Corporation achieves its profitability objectives. Considering the size of the Corporation and the limited number of senior executives, the Board has not appointed a compensation committee and the Corporation has no defined compensation program or strategy, with the exception of the Stock Option Plan defined in section 5.2 *The Stock Option Plan* below. Since the risks associated with compensation practices are considered low, no risk analysis is made by the Board on remuneration practices.

3.1.2 Elements of Compensation

Base Salary

The base salary of the President and Chief Executive Officer has been determined in 2003 and remained stable until January 1, 2012. At that date, the Board approved a salary increase of \$100,000. Although the Board did not consider formal objectives or specific criteria or carry out comparative analyses, the Board considered that a salary in the amount of \$275,000 better reflects the responsibilities of the president of a public company of the size of the Corporation. No further increase has been awarded since.

The base salary of the other NEOs reflects the hierarchical level, the responsibilities and the complexity of each position. They are reviewed annually and salary adjustments are based on individual performance and on the economic context, without the Corporation conducting market analyses and without referring to any industry benchmarks.

Performance Bonuses

The President and Chief Executive Officer was granted a performance bonus for the first time in 2013. This decision, which has been made by the Board with the President in absentia, was based on the fact that the financial results for 2013 were well above budget, in terms of revenue, earnings before interest, taxes, depreciation and amortization ("**EBITDA**"), and net income. During the fourth quarter of 2013, the Board decided that if the EBITDA of the Corporation for 2013 were to exceed \$9,000,000, a performance bonus equal to one time the salary of the President would be paid to him to reward him for his outstanding performance. In 2014, the target to meet was the budgeted EBITDA. Without performing any comprehensive comparative market analysis, the Board members determined that it is common practice for a public company to award a performance bonus to senior management when performance targets are met. They considered it reasonable that the amount of the bonus be equivalent to one year's salary. Since the targets were met, both in 2013 and 2014, a bonus of \$275,000 was awarded to the President for each of the two fiscal years.

As regards the other NEOs, performance bonuses were introduced in 2013 by the President to enable them to participate in the financial success of the Corporation and to increase their annual compensation in accordance with the financial results of their division and, when it is the case, of the Corporation.

In all cases, performance bonuses are based on EBITDA, which is as follows, as per the consolidated financial statements of the Corporation for fiscal 2014:

Reconciliation of Net Income with EBITDA	(in thousands of dollars)
Net income	6,391
Plus:	
Interest on long-term debt	560
Interest expense and banking fees	190
Income tax expense	2,401
Depreciation of fixed assets	982
Amortization of intangible assets	787
Less:	
Interest income	147
EBITDA	11,164

The following table indicates the composition of the financial objectives, the target bonus and the bonus earned.

Name	Objectives	Target bonus (\$)	Bonus earned (\$)
William Richardson Executive Vice-President of SCL.	- Budgeted EBITDA of SCL;	10,000	10,000

Stock Option Plan

The objectives of the Corporation's compensation practices are to motivate and reward directors, officers, other employees and consultants upon the achievement of corporate objectives and to closely align the personal interests of such individuals with those of the shareholders by providing them with the opportunity, through options, to benefit from creating value for the Corporation.

In order to meet these objectives, the Board approved a stock option plan for the Corporation in 2006. Each option granted under the Stock Option Plan allows its holder to purchase one common share of the Corporation. Any option that has not been exercised at the expiry date is canceled. For more details on the Stock Option Plan, see 5.2 *The Stock Option Plan* below.

The number of stock options granted to employees are suggested by the President and approved by the Board. The process for granting options is very simple and has no specific goals or criteria.

Furthermore, in May 2006 the Board approved an option grant program whereby each independent director receives, once a year, 25,000 stock options under the Stock Option Plan, with a vesting period of one year and a duration of three years. The President and the Chief Financial Officer do not participate in the Stock Options Plan.

Other Benefits

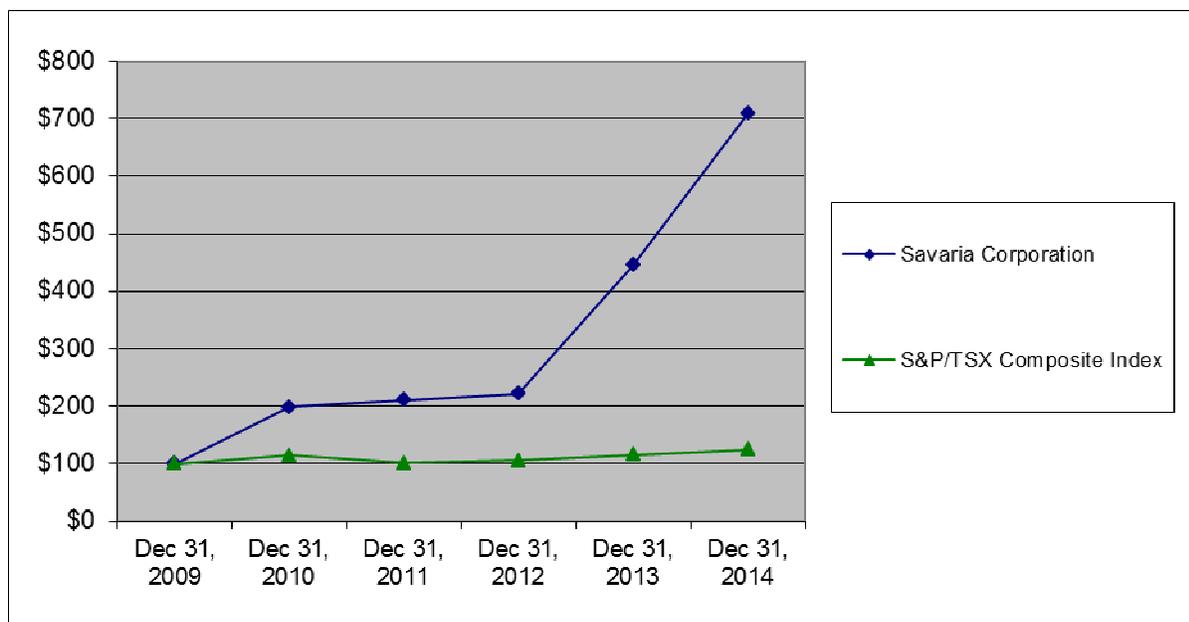

An allowance for a long-term rental and maintenance of a vehicle as well as a housing allowance are paid to William Richardson. The group insurance programs offered to senior executives are identical to those offered to all employees.

3.1.3 Hedging

Neither an NEO or a director of the Corporation are permitted to purchase financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

3.2 Performance Graph

The following graph compares the variation in the cumulative total shareholder return on the Corporation's common shares over the period from December 31, 2009 to December 31, 2014 with the cumulative total return of the S&P/TSX Composite Index over the same period, assuming reinvestment of dividends.

	Dec 31, 2009	Dec 31, 2010	Dec 31, 2011	Dec 31, 2012	Dec 31, 2013	Dec 31, 2014
Savaria Corporation	\$100	\$198	\$211	\$222	\$447	\$710
S&P/TSX Composite Index	\$100	\$114	\$102	\$106	\$116	\$125

Executive compensation is not directly linked to the performance of the Corporation's share price which substantially increased since 2012; therefore, the total compensation does not necessarily follow the trend shown in the above graph.

3.3 Executive Compensation Table

The following table presents all compensation earned during fiscal 2014, 2013 and 2012 by the NEOs.

The information included in the table below is as at end of fiscal 2014.

Stock option plan approved by security holders	1,022,500	\$2.64	356,075

5.2 The Stock Option Plan

The Stock Option Plan is administered by the Board of the Corporation which shall, without limitation, have full and final authority in its discretion, but subject to the express provisions of the Stock Option Plan, to interpret the Stock Option Plan, to prescribe, amend and rescind rules and regulations relating to it and to make all other determinations deemed necessary or advisable for the administration of the Stock Option Plan, subject to any necessary shareholder or regulatory approval. The Board may delegate any or all of its authority with respect to the administration of the Stock Option Plan. The Board shall determine to whom options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted and vested, and the number of common shares to be subject to each option.

The Board may from time to time amend or revise the terms of the Stock Option Plan or may discontinue the Stock Option Plan at any time, provided that no such action may in any manner adversely affect the rights under any options previously granted without the consent of such optionees. Such changes include, without limitation:

- (i) minor changes of a "housekeeping nature";
- (ii) changing the class of participants eligible to participate under the Stock Option Plan;
- (iii) accelerating vesting or extending the expiration date of any option (provided that such option is not held by an insider), provided that the period during which an option is exercisable does not exceed 10 years from the date the option is granted.

Any amendment to the Stock Option Plan which would materially modify the eligibility requirements for participation shall be effective only upon the approval of the Corporation's shareholders. Furthermore, specific security holder approval is required for:

- (i) a reduction in the exercise price or purchase price under a security-based compensation arrangement benefiting an insider of the Corporation;
- (ii) an extension of the term under a security-based compensation arrangement benefiting an insider of the Corporation;
- (iii) any amendment to remove or to exceed the insider participation limit;
- (iv) an increase to the maximum number of securities issuable, either as a fixed number or a fixed percentage of the listed issuer's outstanding capital represented by such securities; and
- (v) amendments to an amending provision within a security-based compensation arrangement.

A maximum number of common shares equal to 10% of the issued and outstanding common shares, from time to time, are reserved for issuance under the Stock Option Plan. If option rights granted to an individual under the Stock Option Plan are exercised, expire or terminate for any reason without having been exercised, such shares may be made available for other options to be granted under the Stock Option Plan. An option granted under the Stock Option Plan shall not be transferable or assignable (whether absolutely or by way of mortgage, pledge or other charge) by an optionee, other than by will or other testamentary instrument or the laws of succession.

In accordance with the policies of the TSX, shareholders last approved all unallocated options, rights and other entitlements under the Stock Option Plan at the annual and special meeting held on May 29, 2012. Shareholders will be required to again approve any unallocated options, rights and other entitlements under the Stock Option Plan on or before May 29, 2015.

No one individual may be granted options to purchase common shares totaling more than 5% of the issued and outstanding common shares at any time, from time to time. No one individual acting as a consultant to the Corporation may be granted options to purchase common shares totaling more than 2% of the issued and outstanding common shares in any one 12-month period. No one individual providing investor relations services to the Corporation may be granted options to purchase common shares totaling more than 2% of the issued and outstanding common shares in any one 12-month period, and options issued to individuals performing investor relations services must vest in stages over at least 12 months with no more than 1/4 of the options vesting in any three-month period.

Options may be granted under the Stock Option Plan to any person who is a director, officer, employee or consultant of the Corporation or its subsidiaries. Subject to compliance with applicable requirements of the TSX, individuals may elect to hold options granted to them in an incorporated entity wholly owned by them and such entity shall be bound by the terms of the Stock Option Plan in the same manner as if the options were held by the individuals.

The number of securities:

- (i) issuable to insiders, at any time, under all security-based compensation arrangements, cannot exceed 10% of issued and outstanding common shares; and
- (ii) issued to insiders, within any one-year period, under all security-based compensation arrangements, cannot exceed 10% of issued and outstanding common shares.

The exercise price for the options granted pursuant to the Stock Option Plan shall be the closing price of the common shares on the TSX on the trading day preceding the day on which the option is granted or, if no common shares have been traded on such immediately preceding trading day, the simple average of the final bid and ask price of the common shares on the TSX, or such greater amount as the Board may designate.

Each option granted under the Stock Option Plan shall expire on the date set out in the specific option agreements with optionees, subject to earlier termination as provided below. In no circumstances shall the duration of an option exceed ten years.

In the event the Corporation undergoes a change of control by a reorganization, acquisition, amalgamation or merger (or a plan or arrangement in connection with any of these) with respect to which all or substantially all of the persons who were the beneficial owners of the common shares immediately prior to such reorganization, amalgamation, merger or plan or arrangement do not, following such reorganization, amalgamation, merger or plan or arrangement, beneficially own, directly or indirectly more than 50% of the resulting voting shares on a fully diluted basis (not including a public offering or private placement out of treasury), or sale to a person other than an affiliate of the Corporation of all, or substantially all, of the Corporation's assets, then all granted and outstanding options shall be deemed to vest immediately upon the completion of the transaction causing the change of control.

If, at any time when an option granted under the Stock Option Plan remains unexercised with respect to any optioned shares, an offer to purchase all of the common shares is made by a third party, the Corporation shall use its best efforts to bring such offer to the attention of optionees as soon as practicable. The Corporation may, at its discretion, require the acceleration of the time for the exercise of the option rights granted under the Stock Option Plan and of the time for the fulfillment of any conditions or restrictions on such exercise.

If an individual is dismissed as an employee, officer or consultant by the Corporation, or by one of its subsidiaries, for cause, all unexercised option rights of that individual under the Stock Option Plan shall terminate immediately upon such dismissal, notwithstanding the original term of the option granted to such individual.

If an individual ceases to be an officer, employee or consultant of the Corporation or of one of its subsidiaries as a result of:

- (i) disability or illness preventing the individual from performing the duties routinely performed by such person;
- (ii) retirement at the normal retirement age prescribed by the Corporation's pension plan;
- (iii) resignation; or
- (iv) such other circumstances as may be approved by the Board,

such individual shall have the right, for a period not exceeding 90 days from the date of ceasing to be an officer, employee or consultant (or, if earlier, until the expiry date of the option rights pursuant to the terms of the particular option agreement) to exercise the options to the extent they had vested and were exercisable on the date of ceasing to be an officer, employee or consultant.

If an optionee ceases to be a director of the Corporation or of one of its subsidiaries as a result of:

- (i) disability or illness preventing the optionee from performing the duties routinely performed by such optionee;
- (ii) retirement at the normal retirement age prescribed by the Corporation's pension plan;
- (iii) resignation; or
- (iv) such other circumstances as may be approved by the Board,

such optionee shall have the right, for a period not exceeding one year from the date of ceasing to be a director (or, if earlier, until the expiry date of the option rights pursuant to the terms of the particular option agreement) to exercise the option under the Stock Option Plan with respect to all optioned shares of such optionee to the extent they had vested and were exercisable on the date of ceasing to be a director.

If an individual providing investor relations services to the Corporation ceases to be employed to provide such services as a result of:

- (i) disability or illness preventing the individual from performing investor relations services;
- (ii) retirement at the normal retirement age prescribed by the Corporation's pension plan;
- (iii) resignation; or
- (iv) such other circumstances as may be approved by the Board,

such individual shall have the right, for a period not exceeding 30 days from the date of ceasing to be engaged (or, if earlier, until the expiry date of the option rights pursuant to the terms of the particular option agreement), to exercise the option under the Stock Option Plan with respect to all optioned shares of such optionee to the extent they had vested and were exercisable on the date of ceasing to provide investor relations services.

In the event of the death of an optionee, the legal representatives of the deceased optionee shall have the right for a period not exceeding one year from the date of death of the deceased optionee (or, if earlier, until the expiry date of the option rights pursuant to the terms of the particular option agreement) to exercise the deceased optionee's option.

The Board may from time to time approve financial assistance to an eligible participant for the exercise of options granted to such eligible participant under the Stock Option Plan. Any such financial assistance shall be approved by resolution of the Board and shall be on commercially reasonable terms with respect to the amount of interest payable. The repayment term of such financial assistance shall be for a period of not more than ten years. A term of any such financial assistance will require that the common shares issued upon such exercise shall be pledged to the Corporation as security for repayment of the financial assistance.

At the date of this Proxy Circular, 1,092,500 options were outstanding, representing 3.7% of the issued and outstanding common shares of the Corporation. Of that total, 355,000 options belonged to insiders, representing 1.2% of the issued and outstanding common shares.

SAVARIA CORPORATION
STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The board of directors and management of the Corporation believe that appropriate corporate governance practices are important for the effective management of the Corporation and value creation for its shareholders. Effective June 30, 2005, the Canadian Securities Administrators have adopted National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") and the associated National Policy 58-201 which require the Corporation to disclose its corporate governance practices. This information is set out below. Information regarding the Corporation's Audit Committee, required pursuant to Multilateral Instrument 52-110 *Audit Committees* ("MI 52-110"), is set out under the heading Audit Committee Information in the Corporation's most recent Annual Information Form.

Corporate Governance Disclosure Requirement	Comments
1. Board of Directors	
(a) Disclose the identity of directors who are independent.	Of the current seven members of the board of directors of the Corporation (the " Board "), four directors are independent within the meaning of the definition included in section 1.4 of MI 52-110 on Audit Committee (" 52-110 "). They are Sylvain Dumoulin, Jean-Louis Chapdelaine, Peter Drutz and Alain Tremblay.
(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.	The Board has determined, after reviewing the roles and relationships of each of the directors, that the following members of the Board are not independent: <ul style="list-style-type: none"> i) Marcel Bourassa is an officer (President and Chief Executive Officer ("CEO")) of the Corporation, ii) Jean-Marie Bourassa is an officer (Chief Financial Officer) of the Corporation, and iii) Robert Berthiaume is an employee of a subsidiary of the Corporation. Therefore, these three members do not qualify as "independent" within the meaning of section 1.4 of MI 52-110.
(c) Disclose whether or not a majority of the directors are independent. If a majority of directors are not independent, describe what the Board does to facilitate its exercise of independent judgment in carrying out its responsibilities.	Four of the seven directors are independent from the Corporation. Therefore, a majority of the directors are independent.

If the independent directors hold such meetings, disclose the number of meetings held during the most recently completed financial year. If the independent directors do not hold such meetings, describe what the Board does to facilitate open and candid discussion among its independent directors.	During 2014, there were no regularly scheduled meetings at which non-independent directors and members of management were not in attendance. However, independent members had informal discussions throughout the year in order to discuss any subjects of their choice. Also, an "in camera session" is held at each meeting of the Board in which non-independent directors and members of management are not in attendance.
(f) Disclose whether or not the chair of the Board is an independent director. If the Board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the Board has neither a chair that is independent nor a lead director that is independent, describe what the Board does to provide leadership for its independent directors.	The Chairman of the Board, Marcel Bourassa, is not independent since he is also the President and the CEO of the Corporation. The Board gives a dominant place to independent directors of the Corporation in particular through communication and free access to its executive management. Moreover, the Audit Committee is chaired by an independent director.
(g) Disclose the attendance record of each director for all Board meetings held since the beginning of the most recently completed financial year.	An attendance record for each director at Board and Audit Committee meetings held during the 2014 fiscal year is included in this Proxy Circular under the heading <i>Board and Audit Committee Attendance</i> .
